

Points to Ponder

A holistic sanctity of life vision should shake up the settled categories of our politics. Certainly it includes holding onto belief in the dignity of the unborn child, even the tiny embryo, in the face of a culture that often derides these convictions.... The sanctity of life is not a Republican or Democratic vision, not a conservative or liberal vision, but a Christian vision that challenges every political party or ideology.

- David P. Gushee

"The greatest destroyer of love and peace is abortion, which is war against the child. The mother doesn't learn to love, but kills to solve her own problems. Any country that accepts abortion is not teaching its people to love, but to use any violence to get what they want."

- Mother Teresa

"The unborn, therefore, is not a potential human, but a human with great potential."

- Dr. Francis Beckwith

"Either life is always and in all circumstances sacred, or intrinsically of no account; it is inconceivable that it should be in some cases the one, and in some the other."

- Malcolm Muggeridge
